This fantastic home has tons of space for everyone! It is located at the end of a cul-de-sac, on a large lot, and in a neighborhood without an HOA. The open-concept main level has a spacious living room with a fireplace, and an eat-in kitchen with dining area. Also on the main level, there is a master bedroom with a whirlpool tub, separate shower, walk-in closet as well as an additional closet. The second bedroom on the main level has a walk-in closet, and direct access to a bathroom that is also accessible from the hallway. The finished lower level is perfect for a teen or in-law suite, and includes a living room with fireplace, as well as a second kitchen and dining room. For convenience, there is a dumbwaiter that allows for transportation of items between the main and lower level, as well as a laundry chute. The lower level also includes two additional bedrooms, a full bathroom, and a laundry room/mud room. Above the garage is a bonus area, with a loft, an additional bedroom with walk-in closet, and a full bathroom. The bonus area is nearly complete - it just needs paint and some finishing touches. The huge garage has space for multiple vehicles, and includes oversized doors as well as a rear door to allow a vehicle to pass through. Outside, you will love the large deck across the rear of the home, accessible from the dining room or master bedroom. This home is located in a prime location minutes away from shopping, dining, entertainment, or I-20 for a quick commute. Make an appointment to tour today!
