When comfortable and convenient living is what you desire, this house has both. Enjoy a spacious, nearly 3,000 sq. ft. functional floor plan. There is a formal living and dining room that is bright and has beautiful hardwood floors. The updated kitchen boasts stainless steel appliances, granite countertops and a large island with seating. This area flows to the den to provide an open space. The first floor includes two bedrooms with hardwood floors. One bedroom has its own private bathroom that would make a great first floor master suite. There is another hall bathroom. The second floor has two additional bedrooms each with their own ensuite bathrooms. All bedrooms have large closets. Plenty of storage space throughout the home. Spend early mornings and late evenings in the tiled screened porch. The outdoor space is welcoming and roomy enough for all your guests. The beautifully landscaped yard is fenced. There is a well for irrigation. A detached garage has a private storage shop attached at the back. Extra storage space added to the attic in the garage. The roof was replaced in 2024 and upstairs HVAC unit in 2023. Situated on nearly half an acre, the location is great for dining, shopping and all Florence has to offer. It is also located within walking distance to a park with a playground and walking track. Schedule your private tour of this home.
