If youâve been looking to get away, come see this private log cabin on 5 acres. With established cottage gardens, garden shed, run in, workshop, storage building, and so much more! Step onto the expansive covered front porch and enjoy the peace and quiet of country living. From the front door you enter the large living room with tall ceilings and wood-burning fireplace. To the left of the living room are the dining room and kitchen. To the right, a hallway which leads to the primary suite and additional bedroom and full bath. The primary bedroom is massive with itâs own wood-burning fireplace, walk-in closet and en-suite bathroom. Off the back of the home is a large mudroom, 1 car side-entry garage, and a large deck that overlooks the established garden. A separate, private driveway leads to a double wide mobile home at the rear of the property. This could be used as a rental or guest housing. Mobile home conveys as-is and can be removed if desired or if financing requires it. The entire property is fully fenced in and home is fenced off separately as well. This is a true hidden gem!
