This house is a must see! You'll immediately be drawn in by the freshly painted exterior and adorable front porch. Wide and welcoming, the porch curves around the side of the home, offering the perfect spot for rocking chairs, a porch swing, or hanging plants. It's the kind of space that instantly makes you feel at home and makes guests want to stay a little longer. Step inside to a bright, open living room filled with natural light and designed for everyday comfort. Just past the living room, the galley style kitchen feels anything but small. Tons of natural light, crisp white cabinetry, and fresh new, quartz counter tops give it a cheerful, open feel that makes it a joy to cook in. Brand-new stainless steel appliances (which stay with the home) mean you can move right in and get cooking without missing a beat, and the newly expanded pantry gives you plenty of space for all your staples. The laundry/mud room just off the kitchen adds everyday convenience and flexibility. From here, step out onto the nicely sized back deck—a peaceful place to unwind or entertain, overlooking a quiet, wooded backyard. No neighbors right on top of you, no HOA fees, and room to make it your own: garden, fire pit, play area—the possibilities are wide open. A tastefully designed half bath sits between the kitchen and the sunny dining room, where large front-facing windows bathe the space in natural light—perfect for family meals, homework, or hosting friends. All three bedrooms are upstairs, including a spacious primary suite with its own private bath. The second and third bedrooms share a bright full bath and feature brand-new carpet, while LVP flooring flows throughout the rest of the house for a clean, modern finish that's easy to maintain. The interior of the home has been thoughtfully rebuilt above the foundation, including a brand-new roof, so all the hard work has already been done. If you're looking for a quiet, move-in ready home that feels tucked away but is still only 8 minutes from your local Walmart—you've just found it. Please note: The shed splits the property line and shouldn't be considered part of the sale. Disclaimer: CMLS has not reviewed and, therefore, does not en
