Here's your chance to own a solid, all-brick home on a great corner lot in Camden. This property has four bedrooms, two and a half bathrooms, and sits on just over half an acre, giving you plenty of space both inside and out. One of the bedrooms is downstairs, which works well for guests, a home office, or whatever setup you might need. The upstairs bedrooms all have brand-new carpet, and the entire house has been freshly painted inside and out. Outside, you'll find mature blueberry and fig trees, plus a two-car garage for parking and storage. The lot offers room for gardening, outdoor projects, or simply enjoying some space. Location-wise, you're close to Shaw Air Force Base, with quick access to the shops, restaurants, parks, and events that make Camden such a great place to be — especially if you enjoy the town's equestrian history and outdoor spaces. If you're looking for a solid home with updates already done, on a good-sized lot in an established neighborhood — this one's worth a look.
